

APBC2015 Call for Papers

The Thirteenth Asia Pacific Bioinformatics Conference

HsinChu, Taiwan, 21-23 January, 2015

<http://APBC2015.mbc.nctu.edu.tw/>

The Thirteenth Asia-Pacific Bioinformatics Conference will be held in HsinChu, Taiwan. The aim of this conference is to bring together researchers, academics, and industrial practitioners. APBC2015 invites high quality original full papers on any topic related to Bioinformatics and Computational Biology. The submitted papers must have not been published or under the consideration for publication in any other journal or conference with formal proceedings. All accepted papers will have to be presented by one of the authors at the conference. Accepted paper will be invited to be published in *IEEE/ACM TCCB*, *BMC Bioinformatics*, *BMC Genomics*, *BMC Systems Biology* and *Computational Biology and Chemistry* following the journals' publication policies.

Papers are solicited on, but not limited to, the following topics:

- Sequence analysis, especially high-throughput sequencing applications
- Genomics, Epigenetics, Metagenomics, Transcriptomics, Proteomics, Metabolomics
- RNA structure and function
- Comparative genomics, Population genetics
- Evolution and phylogeny
- Protein structure analysis
- Systems and network biology, Synthetic biology, Quantitative biology

Important dates:

Submission Deadline: July 30, 2014

Author Notification: August 30, 2014

Final Version Due: October 1, 2014

Conference start and end dates: January 21 - 23, 2015
